Installation Guide

Please note that different wall types require specific screws and plugs to ensure structural integrity. We recommend that the sculpture is installed by a professional art installer. Please consult with a professional before installation.

STEP 1:

Measure the distance between hanging fixtures on the back of the Monet Wall Sculpture.

STEP 2:

Use a pencil to mark where screws will be placed on the wall based on your desired positioning of the sculpture. Use a drill to place two screws into the wall.

STEP 3:

Place hanging fixtures on the back of the Monet Wall Sculpture onto the screws. Repeat process as necessary with additional Monet Wall Sculptures to build your feature.
