# Installation Guide

Please note that different wall types require specific screws and plugs to ensure structural integrity. We recommend that the sculpture is installed by a professional art installer. Please consult with a professional before installation.

## **STEP 1:**

Measure the distance between hanging fixtures on the back of the Leaf Out Wall Sculpture.

## **STEP 2:**

Use a pencil to mark where screws will be placed on the wall based on your desired positioning of the sculpture. Use a drill to place two screws into the wall.

## **STEP 3:**

Place hanging fixtures on the back of the Leaf Out Wall Sculpture onto the screws. Repeat process as necessary with additional Leaf Out Wall Sculptures to build your feature.
